

STREETHUNT GAMES

Room-to-Room Scavenger Hunt Clues

When setting up a home scavenger hunt, each clue should be placed at the previous location rather than the one it describes. This ensures players must find one clue to lead them to the next, rather than just stumbling upon answers too soon.

For example:

Clue 1 (given to the players): *"I'm where you sit and take a rest, the place where you feel comfy, at your best."*

- This clue hints at the living room but should be placed at the starting point (e.g., handed to the players).

Clue 2 (hidden in the living room): *"I keep your food fresh, crisp, and cold. Open my door, and treasures unfold."*

- This clue hints at the kitchen (fridge) but should be placed in the living room.

Clue 3 (hidden in the fridge): *"I'm the place you go to freshen up, where you scrub, clean, and fill your cup."*

- This clue hints at the bathroom but should be placed in the fridge.

Clue 4 (hidden in the bathroom): *"Where you rest your head at night, look beneath the pillow, soft and light."*

- This clue hints at the bedroom but should be placed in the bathroom.

Clue 5 (hidden in the bedroom): *"I'm the path that you must take, leading you to the next great break."*

- This clue hints at the hallway but should be placed in the bedroom.

Clue 6 (hidden in the hallway): *"Where you eat your meals with cheer, look around for something near."*

- This clue hints at the dining room but should be placed in the hallway.

Clue 7 (hidden in the dining room): *"I grow tall, I grow wide, outside I stretch and take pride."*

- This clue hints at the garden but should be placed in the dining room.

Clue 8 (hidden in the garden): *"I'm where you work and think all day, where thoughts are focused, ideas stay."*

- This clue hints at the office or study but should be placed in the garden.

Clue 9 (hidden in the office/study): *"I'm the entrance where you start your day, look around where shoes are laid."*

- This clue hints at the front door but should be placed in the office/study.

Clue 10 (hidden at the front door): *"You've made it through with wit and cheer, the treasure's waiting—so come near!"*

- This clue hints at the final treasure but should be placed at the front door.

Living Room

"I'm where you sit and take a rest,
The place where you feel comfy, at
your best.
Find me where you like to lounge,
The hunt starts here—go ahead, and
scrounge!"

Kitchen

"I keep your food fresh, crisp, and
cold,
Open my door, and treasures unfold.
Look inside, don't miss a beat,
The next clue is hidden where you
keep your treats!"

Bathroom

"I'm the place you go to freshen up,
Where you scrub, clean and fill your
cup.
Look behind where the soap rests,
I've hidden a clue in your bathroom
quest!"

Bedroom

"Where you rest your head at night,
Look beneath the pillow, soft and
light.
The next clue's hidden close at hand,
Find it, and continue the plan!"

Hallway

"I'm the path that you must take,
Leading you to the next great break.
Along the way, look high and low,
The next clue's where you go to and
fro!"

Dining Room

"Where you eat your meals with
cheer,
Look around for something near.
Under the table or on a chair,
You'll find the next clue hiding there!"

Garden

"I grow tall, I grow wide,
Outside, I stretch and take pride.
If the weather's nice and fair,
Look for a clue hiding there!"

Office or Study

"I'm where you work and think all
day,
Where thoughts are focused, ideas
stay.
Look beneath papers or books piled
high,
The next clue's waiting—you'll need
to try!"

Front Door

"I'm the entrance where you start
your day,
Look around where shoes are laid.
Find me near the mats or door
frame,
The hunt's almost done, who'll be
first to claim?"

Final treasure

"You've made it through with wit and
cheer,
The treasure's waiting—so come
near!
Look beneath the place you rest your
feet,
Your final prize is there, a treat so
sweet!"
